"Until now, self publishing has been difficult due to high set-up fees, plus the need to correctly assess consumer demand and invest significant time in the process... CustomFlix removes these barriers by offering a fully integrated "content-to-cash" service." **MacCentral**

"Wouldn't it be nice if you could use an affordable service to relieve you from the drudgery of [duplication and fulfillment] work? Enter CustomFlix, which has an idea whose time has come." **Camcorder & Computer Video**

"In addition to minimizing the risk associated with publishing a title, CustomFlix's complete solution eliminates the hassles and frictional costs normally associated with traditional self-publishing methods...
