

Special Offer for Adobe® Premiere® Pro Users

Get MainConcept's Standalone MPEG Encoder for Just \$49

Save \$100 for a Limited Time Only

MainConcept's MPEG Encoder is the perfect companion to the MPEG encoding capabilities included with Adobe Premiere Pro. The standalone version is ideal for times when you just want to convert AVI files to MPEG or take advantage of batch processing. You can even encode multiple AVIs to one MPEG file.

For a limited time, we're offering the MainConcept MPEG Encoder for \$49, a \$100 discount for Premiere Pro users only. You'll get the same quality and speed that have made us the leader in codec technology.

* Speed rating based on internal testing on a system with a 3.06 GHz Intel® Pentium® 4 processor with Intel Hyper-Threading Technology. Various factors can affect encoding speed. For more details visit <http://www.mainconcept.com/speed.html>.

About MainConcept

MainConcept is a leader in multimedia technologies with special expertise in video compression. The MainConcept Motion JPEG, DV and MPEG codecs are all renowned for their speed and quality, and a professional H.264 codec is under development.

The company was founded in 1993 and is headquartered in Aachen, Germany. The new U.S. headquarters are located in Beachwood, Ohio.

MainConcept is proud that our technology has been chosen for use in several Adobe products:

MPEG Codecs

- Adobe® Premiere® Pro
- Adobe® Premiere® 6.5
- Adobe® Encore™ DVD
- Adobe® Photoshop® Album

DV Codec

- Adobe® Premiere® Pro
